

SPECIFICATION

ROBUR K9/TE Powered Pallet Truck

An economically priced, value-for-money electric pallet truck with both the strength and durability of many higher capacity models. Low unladen weight means it is an ideal machine for use on mezzanine floors.

- 1500kg capacity
- Ergonomic design
- Butterfly controls in rounded safety handle
- Built-in battery charger
- Electromagnetic braking
- Electronic speed control
- Battery discharge indicator
- Tandem load rollers
- Electric horn
- Operator safety button
- Unladen weight 200kg
- Lateral castoring wheels
- High frequency charger
- Isolating switch
- Painted 'safety' yellow and black
- All models are CE marked
