## Sprinter 225 > powered stair climber

A powered stair climber from Stanley ensures the safe, quick and efficient transportation of materials on stairs, uneven steps and kerbs. With a carrying capacity of up to 225kg, the Sprinter 225 stair climber trolley enables very heavy and awkward loads to be manoeuvred by a single operator.

With a wide range of accessories available, each stair climber can be fully customised to accommodate products of all shapes and sizes. The simple push-button control, automatic staircase edge detection and removable fast-charging battery with power monitor, make the Sprinter 225 a market leading powered stair climber.

### Benefits

- > Single operator usage cuts the manpower required
- > Reduce the risk of manual handling injury
- > Improve efficiency of business operations
- > Robust double beam frame for added safety
- > Foldable loading board and handle for easy stowage
- > Push-button control
- > Twin-speed function for operator safety
- > Automatic staircase edge detection
- > Adjustable handle for varying load height
- > Manoeuvrable on tight landings
- > Power display meter
- > Puncture proof tyres
- > Removable battery for in-transit charging
- > Bespoke accessories for different sectors

## Specification

- 225kg maximum capacity
- Twin-speed function up to 34 steps per minute
- Quick connection safety straps
- 2-3 hour fast charge lithium battery
- Range of up to 1400 steps at maximum capacity
- 28.8kg overall machine weight
- 3.2kg battery unit weight
- Fold size – 1195mm x 525mm x 308mm
- Overall size – 1590mm x 545mm x 540mm
- Conforms to EC materials handling regulations

- ✔ Free demonstrations
- ✔ Certificated training
- ✔ National maintenance coverage
- ✔ Preventative maintenance schedule
- ✔ Competitive finance and hire options
- ✔ 12-month parts warranty
